Welcome to the 2024/2025 Darebin Community Grants Program

The City of Darebin is made up of so many diverse groups and individuals who make incredible contributions to the community. Darebin City Council is committed to supporting projects which matter to community. Community grants can assist not-for-profit (NFP) groups and organisations to address the needs and issues within their community and support Darebin residents to address discrimination and/or exclusion.¹

The following grants programs are available under the Community Grants Program:

2024/2025 Small Grants Program (Up to \$3,000 per application)

2024/2025 Medium Grants Program (Up to \$15,000 per application)

2024/2025 Venue Hire Support Grants Program (Up to \$8,000 per application)

2024/2025 Youth Projects Grants Program (Up to \$5,000 per application)

There are additional grants programs that are open throughout the 2024/2025 year and have their own guidelines and assessment criteria.

These include:

FUSE Festival Grants

Aboriginal and Torres Strait Islander Community Grants

¹ Residents 'at risk' of exclusion include people from Culturally and Linguistically Diverse (CALD) backgrounds, women, young people, older adults, Aboriginal and/or Torres Strait Islander people, People who are Deaf or with a disability, LGBTIQ+ people, Residents on low incomes or experiencing socioeconomic disadvantage & recently arrived migrants, refugees and/ or people seeking asylum.

Who is eligible to apply for a Community Grant?

Council wants to ensure that Community Grants are distributed and support projects which address the issues and needs of the local community. For this reason, the following outlines the eligibility requirements for accessing Community Grant funds.

- Applicants must be located or deliver activities within the City of Darebin.
- A formally recognised not-for-profit² organisation/group (Groups must be incorporated if applying for more than \$2,000)
- A profit for purpose (social enterprise) community group/ organisation³.
- Not incorporated organisations/groups can apply for a Small Grant (up to \$2,000) but must have a bank account name as the name of the organization/group and demonstrate that they operate as not-for profit organisation.
- Alternatively, groups applying for \$3,000 or more may choose to find an incorporated organisation to auspice⁴ them for their project. Auspice organisations receive and manage funds on behalf of non-incorporated groups. Groups seeking an auspice body are advised to contact the Corporate and Community Grants Officer on 8470 8504.
- A school. (Schools are also encouraged to partner with community groups in activities that benefit the wider community.)
- Individual artists who lead community-based arts/cultural projects.
- A current Public Liability Insurance certificate.
- Provide an Incorporation Number
- Provide an ABN or completed Statement by Supplier form
- Provide a financial statement as per the requirements of operating an Incorporated Association, Charity or Public Company Limited by Guarantee.

² A not-for-profit organisation is an organisation that is not operating for the profit or gain of its individual members. Any profit made by the organisation goes back into the operation of the organisation to carry out its purposes.

³ A profit for purpose (social enterprise) organisation is one that trades to intentionally tackle social problems, improve communities, provide people at risk of exclusion access to employment or training or help the environment.

⁴ In this context, the auspice organisation would receive the grant funding and have responsibility for ensuring that the activity is completed on time. A letter from the auspicating organisation that confirms the arrangement must be submitted with the grant application form.

- Have no outstanding debts to Council
- Provide quotes for expenditure items \$1000 or more that are essential for the delivery of the activity
- Apply before the closing date and time. Applications after the deadline will not be accepted.

Public Liability Insurance

In order to receive a Community Grant, all applicants are required to have Public Liability Insurance with \$20 million cover (this may be reassessed on a case by case basis). A current copy of the groups Public Liability Insurance Certificate should be attached to their Community Grant application. Community Grant funding may be used to cover the costs of Public Liability Insurance. In this case, please obtain a formal quote by an insurance company and attach it to the application form.

Public Liability Insurance protects community groups and organisations against legal liability to pay:

- Compensation to third parties
- Property damage that may occur as a result of activities undertaken by the group/organisation.
- Legal costs that a group/organisation may have to pay if it needs to defend claims of bodily injury and/or property damage, made by any member of the public, made against it.

The Municipal Association of Victoria (MAV) recommends the Local Community Insurance Services (LCIS), a division of Jardine Lloyd Thompson (JLT) who have been actively providing insurance solutions to clubs and volunteer-based community groups since 1987. For quotations, please contact LCIS by email insurance@lcis.com.au or phone 1300 853 800.

Incorporation

Incorporation gives community groups a formal legal structure. Incorporated groups are given legal responsibilities and advantages which also legally protects individual group members.

All groups applying for more than \$2,000 must be incorporated. If you are not incorporated and would like to become incorporated, contact the Office of Consumer Affairs Victoria on 1300 55 81 81 or visit www.consumer.vic.gov.au

Screening (June)

Once submitted, applications are screened against the eligibility criteria by the Corporate & Community Grants Officer.

Assessment (July)

Each application is assessed in a panel comprising of at least two Council Officers who make their recommendations based on a set of strict selection criteria. Assessing Officers from each program meet to discuss and finalise their recommendations. All assessing officers (internal and external) must disclose any conflict of interest they might have with either the applicant or the proposal.

Review (July)

Council reviews the assessment process once assessing officers have made their recommendations. This is done to make sure that the guidelines and protocols of the Charter of Good Governance have been met. What happens if my application for a Community Grant is Successful?

If you are successful in your application for a community grant, we'll ask you to fill out a 'Conditions of Grant' form online (via Smarty Grants). The 'Conditions of Grant' outlines necessary monitoring, evaluation, accountability measures and other conditions. This form helps Council ensure that the Community Grants Program funding is spent and in line with Council's vision and goals. Successful applicants must complete the online conditions of grant form to confirm their grant and agree to conditions for payment to be processed. Instructions on how to access and submit the online document will be sent to applicants via the email address which was used to apply for the grant.

What happens if I am not happy with the outcome of my application?

Council receives an overwhelming number of applications for the grants program and the standard of projects recommended for funding is very high. If you are not happy with the outcome of your application, you should first contact the Corporate and Community Grants Officer on 8470 8504, who will provide feedback. Following feedback on your application, if you still believe that your application has been unfairly assessed or that the application process has not been followed, please submit a written request for an outcome review. In the written request please include the name of your group or organisation and your application ID number.

*A request for an outcome review needs to be submitted no later than 10 business days from the date of notification of the grant outcome may be delivered via email to darebingrants@darebin.vic.gov.au. Council will aim to finalise a review & outcome within 14 days of receiving the request for review.

Acknowledging Council support

The conditions of this grant also require grant recipients to acknowledge Council support in any public communication, publication, media or social media related to the funded project/activity by using the following sentence: **"Proudly supported by the City of Darebin's Community Grants Program"**. The wording of the acknowledgement must be approved in writing by the Council. The website and social media home page must prominently display the Council's logo. Grant recipients are also required to invite, when possible, the Darebin Mayor and/or Councillors to any event/activity related to the funded project. Evidence of invitations and publications or social media posts should be attached to the acquittal report.

Project Variations

Projects must be completed by the end of the financial year in which funding was secured unless Council has agreed to an alternate date in writing. Requests for project variations to be submitted to the Corporate and Community Grants Officer and to be completed in Smarty Grants.

Project Acquittals

At the conclusion of their grants program, successful applicants must provide a brief (acquittal) report to Council on the project demonstrating its completion, impact and use of funds. Failure to do so satisfactorily, may require the club/organisation to return funding back to Council.
