

Raising Toddlers Parenting Session

30 April 2024

the place
to live

How do I respond to my child's fussy eating habits? What does quality play look like? How do I settle my toddler to sleep? What books are recommended for toddlers? When should my toddler stop using a bottle or a dummy? How do I know my toddler is ready for toilet-training? How do I help my toddler cope with strong emotions?

Darebin's Maternal Child Health Service and the Early Years Team are hosting a Raising Toddlers session for Darebin families with children aged 12months - 3years.

Families will be provided with information on the following topics:

- nutrition and mealtimes
- bedtime routine
- play and play-based learning
- speech and communication
- child development

The session is interactive, and families will have the opportunity to ask questions during the session.
