

I S A I A H

'SPIRIT'

CHOIR TO SING BOLD LYRICS

Oh, the lights are turned down low
And I'm sitting here alone
Thinking "How'd I get so far from home"
Oh, I guess nobody knows
And so the saying goes
You win some, you lose some, still trying to control
Ohh ohhh Since I've been away from you
I've been searching for a light I could not find
And I've been living for a love out of my mind
And I've been hanging on a prayer, then I wake and see you there.

Whooo Hoooo

SPIRIT!

I haven't seen you a little while
I got lost and you got set aside
I heard you been calling
Been busy falling
SPIRIT! I've meaning to apologise
I've been running and I'm getting tired
I've been so foolish
Got no place to hide

I,
I lay my head down on your shoulder

I,
I hear you singing it's not over

Oh, you came to me all dressed in gold
You're the one I've always known
In your love I've found my home
Oh oh, when I wake I feel you there
You take away all of my cares

CHOIR TO SING BOLD LYRICS

SPIRIT!

I haven't seen you a little while

I got lost and you got set aside

I heard you been calling

Been busy falling....

SPIRIT! I've meaning to apologise

I've been running and I'm getting tired

I've been so foolish

Got no place to hide

I, I lay my head down on your shoulder

I, I hear you singing it's not over

You come to me in the night

and dance around me like a satellite

You sing to me and I feel so high....

You call to me when I cry

I was running and you hit me like a blinding light

All I need is you by my side

Breathe it...

Feel it...

Heal it...

SPIRIT!

[REPEAT]

Breathe it...

Feel it...

Heal it...

SPIRIT!
