DAREBIN KINDERGARTEN GUIDE

Darebin City Council operates a Kindergarten Centralised Waiting List on behalf of three and four year old kindergarten programs within the municipality. Council provides the Centralised Waiting List service to:

- Simplify the process of application for kindergarten for Darebin families
- Support community managed kindergarten providers
- Apply equity and fairness processes for families seeking kindergarten places
- Inform Council’s early years services and infrastructure planning
- Offers kindergarten places equitably.

This document provides the framework for a kindergarten centralised waiting list that applies Victorian Government allocation and funding criteria that:

- Prioritises access for vulnerable children, increasing opportunities for children facing the greatest barriers to early learning
- Promotes local community connection and continuity of learning
- Prioritises families who are Darebin residents or whose child attends formal verified care in Darebin.

Why should I attend?

Going to kindergarten will help your child to learn skills that they will build on throughout their life. At kindergarten your child will grow socially and emotionally. Their ability to think, use and recognise language and their fine motor skills will be developed through play, art, dance, music, movement and interacting with others.

Most importantly, your child will be learning to become an effective learner as they develop and extend their communication skills, build their self-confidence, learn to be creative, and develop skills that assist them with reading, writing and mathematics (Department of Education and Training, About Kindergarten, 2016).

Eligibility

Children are eligible to attend State Government funded kindergarten if they have turned four years of age by April 30 in the year of attendance. Children are eligible to attend pre-kindergarten programs if they have turned three years of age by April 30 in the year of attendance.

Program Delivery

In Victoria, children attend four year old kindergarten the year prior to starting primary school.

Four year old kindergarten programs operate for 15 hours per week and can be spread over two to four sessions per week. Children cannot attend more than one funded kindergarten program. At the time of enrolment at the service, families should notify the service if they are accessing a kindergarten program at a second service (kindergarten or long day care centre).

Three year old kindergarten programs, called pre-kindergarten do not receive Government funding. The cost of running the three year old program is covered by parent’s fees. A child must have turned three years of age before they can attend a pre-kindergarten program.

Program hours and group sizes are set by the individual kindergartens and can vary from year to year.

Each March kindergartens and child care centres in the City of Darebin open their centres in the evening for families to visit and meet staff. For future Twilight Kindergarten & Child Care Centre Open Evening dates please refer to the website: darebin.vic.gov.au/kindergarten

KINDERGARTEN PROGRAMS IN DAREBIN

Darebin City Council administers the Kindergarten Centralised Waiting List on behalf of 31 community not-for-profit participating services located in Darebin. (See the map on page 3 and 4 for more details and locations.)

If you want to apply for a place at any other kindergarten you need to contact them directly. For a full list of all children's education and care services, please refer to Council's website.

Integrated Kindergarten Program

Families not currently attending a child care centre who nominate an integrated kindergarten program are highly encouraged to contact that service in advance to understand the centres capacity to take external families and fee structure.

Kindergarten Fees

Fees are set by the service provider of each kindergarten and may vary. Most kindergartens will require the payment of a deposit for accepting the place prior to attendance. Kindergartens may require fees to be paid a term in advance, and it is usual that kindergartens will not refund part-payments of fees due to absence or late enrolment. Families are advised to discuss the fees policy with their chosen kindergarten.

The State Government subsidises fees for some children so they can attend kindergarten for free or at low cost in the year before they start primary school. Your child is eligible if they:

- Are identified by a parent, carer or legal guardian as an Aboriginal and/or Torres Strait Islander
- Are identified on their birth certificate as being a multiple birth child (triplets or more); or
- The child individually holds, or has a parent or guardian who holds an eligible concession card or refugee, humanitarian or asylum seeker visa

Early Start Kindergarten & Free Kindergarten for three year olds

Early Start Kindergarten provides free or low cost kindergarten to eligible three year old children where programs are offered by a qualified teacher. Some services will be able to offer your child a place in a program for four year olds or a mixed age group.

Your child is eligible for Early Start Kindergarten if they are aged three by April 30 in the year they will be attending a kindergarten program, and:

- Your child is Aboriginal and/or Torres Strait Islander, or
- Your family has had contact with Child Protection (or been referred to Child FIRST).

APPLICATION PROCESS

Submitting an Application

Applications can be made in the year prior to kindergarten attendance and open February 1. The main application period is February 1 (on or after the next business working day) and April 30 (on or prior to the previous working day).

Within this period the date of your registration will not affect your chances of receiving your first preference, e.g. an application received on April 30 will have an equal chance to one received on February 1.

Applications received before 30 April will be given priority. Late applications will be processed after those which are received during the stated application period.

Application forms are available from:

- Early Childhood Services and Maternal and Child Health Centres in the City of Darebin
- Darebin City Council Customer Service Centres.
- Darebin City Council website.

An application requires:

1. Completion of the Darebin City Council Kindergarten Centralised Waiting List Application Form. Eligible children must be registered in the name identified on their birth certificate or equivalent.

2. Documentary evidence:

- Proof of child's age such as a copy of the child's Extract of Birth Certificate, Birth Certificate or Passport
- Reports from family support services or intervention services confirming circumstances and/or disability
- If applicable, statutory declaration confirming unregistered care arrangement

Incomplete applications will be returned via post requesting the missing information. The original receipt date will not be honoured.

Application Fees

A non-refundable application fee is payable to Darebin City Council Kindergarten Centralised Waiting List. This fee is for the administration of the Darebin Kindergarten Centralised Waiting List and does not contribute to kindergarten fees.

The application fee can be paid in person at Council's office in cash, EFTPOS or credit card, by cheque or money order via the post or online through <https://eservices.darebin.vic.gov.au/epathway/production/web/default.aspx>

A child who individually holds, or has a parent or guardian who holds one of the following can make application free of charge:

- A Commonwealth Health Care Card
- A Commonwealth Pensioner Concession Card
- Refugee visa (subclass 200)
- In-country Special Humanitarian visa (subclass 201)
- Global Special Humanitarian visa (subclass 202)
- Temporary Humanitarian Concern visa (subclass 786)
- Protection visa (subclass 866)
- Emergency Rescue visa (subclass 203)
- Woman at risk visa (subclass 204)
- Bridging visas A-E
- This also includes a child identified by a parent, carer or legal guardian as an Aboriginal and/or Torres Strait Islander and a child identified on their birth certificate as being a multiple birth child (triplets or more).

Kindergarten Preferences

Up to four kindergarten programs can be selected in preference order 1-4 and will be applied in order of listing. If a family chooses to nominate one preference only and the nominated kindergarten is full, the child's name will remain on the Kindergarten Centralised Waiting List (even if there are vacancies at other kindergartens).

Families are encouraged to visit kindergartens during open nights held in March, prior to completing the form. Nominating a kindergarten does not guarantee an offer.

Acknowledgement and Changes to Applications

Applications received will be sent a letter of acknowledgement within approximately four weeks of receipt of application.

Any changes to details concerning an application (for example: address, telephone number, kindergarten preference) are to be notified in writing to the Kindergarten Centralised Waiting List office by post or email. Application Alteration Forms are available on the Darebin website or by contacting the Kindergarten Centralised Waiting List office. Requests for changes of kindergarten preference will be accepted up to June 30 in the year prior to the commencement of kindergarten.

Cancellations can be lodged at any time in writing using an Application Alteration Form or via email: kindergartenwaitinglist@darebin.vic.gov.au. Application fees are not reimbursed.

Priority of Access

All applications are processed in accordance with the priority of access as outlined below and in alignment with the Department of Education and Training Kindergarten Guide.

Allocation preference will be made as follows:

- Allocation of children with additional needs and vulnerable families. This includes where the child is Aboriginal and/or Torres Strait Islander, or the family has had contact with Child Protection (or been referred by them to Child FIRST).
- Where the child is currently in an Out of Home Care arrangement including kinship care.
- Children approved by Department of Education and Training for a second year of kindergarten.
- Children eligible for the Kindergarten Fee Subsidy as listed in the Kindergarten Guide (see Application Fees for a list of eligible cards).

Allocation of applications according to priority weightings and evidence provided to support:

- Families who are Darebin residents or whose child attends unregistered, verified care in Darebin. Unregistered care is provided by family members, nannies or other carers who are not registered with the State authorities to provide registered care. This must be verified with a Statutory Declaration and proof of residency of the carer.
- Where the child attended a pre-kindergarten program at the first preference kindergarten. Please note that children attending a pre-kindergarten program are not automatically allocated a kindergarten place and must submit an application form as per the process for all Darebin families.

- A child or sibling participated in the preferred kindergarten within the last two years of the application being completed. Please note that children attending a pre-kindergarten program are not automatically allocated a kindergarten place and must submit an application form as per the process for all Darebin families.
- Where a kindergarten is the closest to a child's home.
- Where the child is a twin, triplet or quadruplet. When children on the waiting list have applied within the designated time period and achieve the same priority weightings, allocation will be ordered according to random selection. Random selection will be made by computer generated sorting of applications.

Offer Process

All kindergartens are to notify the Kindergarten Centralised Waiting List office by 1 July of the number of available places for the coming year and children recommended to attend a second year of kindergarten. Please see second year funded children on page 11.

Three rounds of offers are made.

- First round offers are made to families in approximately late July of each year for four year old kindergarten and August of each year for three year old pre-kindergarten
- Second round offers are made approximately four weeks after the first round offers using available places not accepted in first round offers
- Third round offers are made approximately four weeks after second round offers using available places not accepted in second round offers. This round will continue until all places are filled.

Placement offers will be made in writing to families with a "Letter of Offer" in late July and August of each year. Families will be required to accept the place or decline the offer within two weeks by returning the "Acceptance Slip" attached to the letter of offer.

Where no response to an offer of placement is received by the Centralised Waiting List office within the specified time frame of two weeks, a courtesy telephone call or email will be made during the following week prior to the child's place being cancelled.

Families can make one of the following choices:

- Accept the offer. Once the family has accepted a place the child's name cannot remain on the waiting list for allocation to any other kindergarten
- Decline the offer and request to remain on the Waiting List for another kindergarten of preference (no guarantee that a place will be available). A decline will result in the application date changing to the date of decline.
- If families choose not to accept a second or third preference they will remain on the Waiting List of the kindergarten of first preference.
- Cancel their application. Families wishing to defer their child's application to the next kindergarten year are required to cancel their application and submit a new application form for the following year. Please note that a place at the same service is not guaranteed.

Transfer and Place Reservation

Once a place has been allocated it is not transferable between kindergartens unless the requested kindergarten has vacancies and no other children are waiting for a kindergarten program.

If the family decide to defer the child's attendance at kindergarten to the following year, the Waiting List office must be notified by the end of Term 1 of the year they are attending (or as per the Kindergarten Guide) and a new application form is to be submitted. Deferrals are not guaranteed a place at that same service the following year. Deferrals received after April 30 will be treated as a late application.

Second Year of Funded Kindergarten

Some children may benefit from a second year of funded four year old kindergarten. Funding for a second year of four year old kindergarten requires collaboration between the kindergarten teacher and parents. The kindergarten teacher will submit an application form to the Department of Education and Training.

Places will be reserved for children granted a second year of funding as per the Kindergarten Guide. Children applying for a second year of funding for the kindergarten program are not required to submit a new application form, however written permission from the family is required for the child to be allocated a second year of kindergarten.

Only a place at the same kindergarten will be reserved for children granted a second year of funding. If a family chooses to attend a different service, they will need to advise the centralised waiting list in writing. This will relinquish the reserved place and their application will join the waiting list with all mainstream applications. A place is therefore not guaranteed at the first preference kindergarten.

If application for a second year of funded four year old kindergarten occurs after June 30, the application will be treated with priority however the same service may not be available and/ or the family may need to wait until the following offer round.

Families requesting kindergarten where the child is not eligible for a State funded kindergarten program but are willing to pay the full fees stipulated by the individual kindergarten must check the policy of their preferred kindergarten.

If the centre allows this option, applications must be made directly to the kindergarten. Kindergartens must then advise the Centralised Waiting List of one less place available at the kindergarten. Kindergartens are not allowed to allocate unfunded places unless vacancies exist and there are no children on the Centralised Waiting List for this kindergarten. Please note that an unfunded child may be requested to vacate the position should a funded child require the place. The kindergarten must advise the family of this requirement when accepting the enrolment.

Information Provided to Kindergartens

The Centralised Waiting List office will provide lists to kindergartens with family details following the distribution of third round preferences. Late applications will be forwarded to the kindergarten as they are allocated.

The kindergarten will be in contact with the family and distribute their "Welcome Package" containing service specific information regarding orientation process, fees, timetable etc. Parents should note that enquiries regarding selection to particular session times and groups should be directed to the kindergarten.

INCLUSIVE KINDERGARTEN SERVICES

Darebin City Council has a commitment to ensuring that kindergartens are accessible to all children. We recognise that every child has individual needs, abilities and interests. Children with additional needs are:

- Children who require additional assistance in order to fully participate in the kindergarten program
- Children who require a combination of services which are individually planned
- Children who have an identified specific disability or developmental delay

Children with high support needs may be eligible for the Victorian Government funded Special Education Program, which provides funding for an additional assistant in the four year old kindergarten program only. Pre-kindergarten is not eligible for this funding.

Pre School Field Officer Program

The Darebin City Council auspices the Pre School Field Officer program as part of its commitment to support the inclusion of children with additional needs into a quality program. Pre School Field Officers are trained professionals with Special Education qualifications.

If you wish to discuss your child's needs or any of the information above please contact: Pre School Field Officer program at the City of Darebin, psfo.referral@darebin.vic.gov.au or Telephone: **8470 8114**.

Families of children with additional needs follow the standard enrolment process, including timelines. Families complete an application form and indicate that their child has an additional need. Supporting documentation will be required to add to your application.

The Pre School Field Officer will contact families of children identified as additional needs to discuss individual needs for kindergarten once they have accepted a kindergarten place. The Pre School Field Officer with parent consent will contact other services or specialists the child is currently involved with to ensure all necessary support can be put into place prior to the child attending a four year old kindergarten program. When a child is already attending the service they have nominated, the Preschool Field Officer will contact the service to discuss the child's support needs.

Share your feedback about your experience with our service. Darebin City Council welcomes your feedback whether it's a compliment, suggestion or a complaint. You can contact us in a number of ways;

Visit darebin.vic.gov.au/global/contactus and complete an online form which will be forwarded to an appropriate Council officer for action; or
