Proposal to Declare and Levy a Special Charge for the Solar Saver Scheme (applied to new participating properties only).

In accordance with the provisions of the Local Government Act 1989 (Act), notice is hereby given that the Darebin City Council (Council) at its meeting on 29 June 2020 resolved to give notice of its intention to declare and levy a special charge under Section 363 of the Act. The special charge is for the purposes of defraying the expenses incurred by Council relating to the provision of solar energy systems on properties participating in the Solar Saver scheme (Scheme). The Scheme arises out of Council's function of advocating and promoting proposals which are in the best interests of the community and ensuring the peace, order and good government of Council's municipal district.

A copy of the proposed declaration, known as 'Proposed Special Charge Scheme for Solar Saver Program', is available upon request now. The special charge is to be declared in relation to the properties listed in Appendix B to the report titled 'Intention to Declare a Special Charge - Darebin Solar Saver', considered by Council at its ordinary meeting on 29 June 2020.

The Scheme has been prepared on the basis that the participating property owners will receive 100% of the benefit. The total cost of the scheme is \$ 76,216.90 and a special charge will be imposed only on property owners voluntarily participating in the Scheme who have signed an Agreement for a period of 10 years. If you have not signed an agreement this does not apply to you.

Each special charge has been calculated according to the size of the solar energy system being installed and the particular costs of installation at each property.

Each participating property owner has to agree for the special charge to be levied for their property and will receive notice when the first quarterly instalment is due from early 2021. Owners will make quarterly payments, or alternatively may choose to pay their full amount in a single lump-sum, or by other approved arrangements.

Any person may make a submission under Section 323 of the Act in relation to Council's proposal to declare the special charge under Section 363 of the Act, and participating property owners have the right to object to the proposed declaration. Any person who has made a written submission may also request that they (or a person acting on their behalf) be heard in support of their written submission. Such persons should indicate in their submission if they wish to be heard by Council. Council will consider and, if requested, hear support for all written submissions received before 5pm on **Wednesday 5 August 2020**.

Submissions should be addressed to:
Sally MacAdams
Coordinator Solar Saver Program
Darebin City Council
PO Box 91 MELTON VIC 3072
sally.macadams@darebin.vic.gov.au

Submissions must clearly state whether the author wishes to be heard by Council, and whether the submission is a submission of support or comment only, or a formal objection to the scheme as proposed. It is proposed that Council will consider this matter at its Ordinary Meeting of 17 August 2020. Further information on this Scheme may be obtained from **Sally MacAdams**, Coordinator Solar Saver Program on **8475 8266**.
