Purpose

The purpose of Part II of the *Freedom of Information Act 1982* (the Act) (Section 7 – Section 12) is to ensure that individuals and organisations can effectively exercise their right to obtain access to government information which may affect them. To this end they must be aware of what government does, how it acts and what information it holds.

Council releases a large amount of information online and print publishing as well as person-to-person service provision. The Freedom of Information Part II Statement shows the City of Darebin is making information readily available to the public.

Making information easily accessible reduces the need for members of the public to submit requests under the Act.

Access to documents and information about how we exercise our powers and perform our functions

Section 7 of the *Freedom of Information Act 1982* ('the Act') requires all agencies, to publish a set of statements that describe their powers and functions, the documents and information they keep and the ways people can view or get copies of them.

In the interests of transparency, the City of Darebin has compiled a Part II Freedom of Information Statement where you will find information about:

Community consultation is a process that the Darebin City Council undertakes to involve the public in decision making by communicating with them via Council's webpage.

Council's webpage has a section titled "Your Say". Any consultation between Council, the community seeking their views about a particular issue, service or other Council matters will be found there.

Examples of community consultation could include asking the community for feedback on Council policies, performance on service delivery or involving the community in the development or review of specific projects or developments.

Decision Making Power

Council is a statutory entity and is able to do only those things which it is authorised by statute, the *Local Government Act 1989*. It can act in only one of two ways: by resolution or through others acting on its behalf.

By resolution:

Council exercise's its decision making powers at Ordinary meetings of Council, Planning, Committee meetings of Councils, Hearing of Submissions Committee meeting of Council, Special Meetings of Council which are called from time to time to deal with any urgent matters that may arise and the Bundoora Homestead Board of Management Committee meetings.

All Council meeting times and dates for the calendar year are published on Councils website.

All meeting are held at the:
Darebin City Council
Preston Municipal Offices
350 High Street
Preston (unless otherwise advertised).

Agendas and Minutes for all meetings are available on Council's website.

Council meetings are also able to be viewed live; details on how this service is available are notes on Council's website.

Agenda and Minutes of meetings from the past year are also available on Council's website.

Council's Meeting Procedure Local Law documents the manner of voting and making resolutions of Council.

Through others acting on its behalf:

The *Local Government Act 1989* makes express provision for the appointment of delegates to act on behalf of Councils. Most Council decision-making power is allocated by formal delegations: delegation to special committees and delegation to members of staff. The decision of a delegate of Council is 'deemed' to be a decision by Council.

The instrument of Delegation to the Chief Executive Officer empowers the CEO to exercise various powers of the Council, including the power to sub-delegate powers to Council Officer's.

What is Freedom of Information?

The Freedom of Information Act 1982 gives the public a legal, right of access to documents held by Ministers, State Government departments, Local Councils, most semi –government agencies and statutory authorities, public hospitals and community health centres, universities, TAFE colleges and schools.

The Freedom of Information Act not only gives people the right to request documents relating to their personal affairs, people can also request information about any of the activities of a government agency.

The Act also gives an individual the right to request that incorrect or misleading information held by an agency about the individual be amended or removed.

What Information is Available?

You have a right to apply for access to documents, held by the City of Darebin, which are covered by the *Freedom of Information Act 1982* (FOI).

This includes documents created by the City of Darebin, and documents supplied to the City of Darebin by an external organisation or individual.

You can apply for access to documents about your personal affairs, regardless of the age of the documents, and other documents held by the City of Darebin, not older than 1 January 1989.

Do I Need to Use FOI to Access Documents?

Many documents are available outside the requirements of the Freedom of Information Act. In these instances the request will not be processed under FOI.

Information which you may obtain without an FOI application include information which is available publicly, such as on a public register, and information which is available for purchase.

Please note that if you require documents for a court hearing or litigation, speak to your legal adviser about other methods available to gain access in those circumstances.

How Do I Make a Request Under FOI?

You can make a request, or you can authorise another person to make a request on your behalf. If you want someone to make a request on your behalf for your personal information, you must give that person your written authorisation.

Applications under FOI must be in writing, stating very clearly the specific information that you are requesting and including the application fee which is not refundable as stipulated on Council's website under Freedom of Information.

Freedom of Information Overview

Freedom of Information Application Form

Valid applications, with the accompanying application fee, are to be sent to:

Freedom of Information Officer
Darebin City Council
PO Box 91
Preston Vic 3072
Email: Foi@darebin.vic.gov.au

Or

Valid applications with the accompanying fee can alternatively be made at Council's Customer Service Centre:

Darebin City Council
274 Gower Street
Preston Vic 3072

Unless all requirements are met, there is no valid request for access. The 30 days within which a decision must be made on a project does not commence until a valid request is received.

If payment is deemed to cause financial hardship it may be waived or reduced. If applicants are seeking a fee waiver or reductions the request must be in writing with written evidence supporting their claim, as well as documentary evidence such as a photocopy of a social security concession card.

The Freedom of Information Officer will send applicants an acknowledgement letter and process the request within 30 days as stipulated in the Act. Where the Freedom of Information decides to refuse, partially grant, or defer access, the applicant will be notified in writing of the reason for refusal, partial access or deferral.

What Information is Not Available?

Not all information is automatically available in response to a request for it.

The Freedom of Information Act sets out a number of situations in which a Council may refuse a person access to the documents he or she has requested. The main situations are requests for documents which affect the personal affairs of another person, which are

commercially confidential, which would undermine law enforcement, or which contain information supplied in confidence.

'Personal Affairs' also includes the name and/or address of somebody who is not the applicant. For example, where an applicant may wish to know the name and address of a complainant, this would be considered to be exempt material under Section 33 of the Act.

These documents or information are referred to as 'exempt' documents. In some cases you may be refused access to an entire document. Alternatively, you may be given access to a document with exempt information deleted.

Your application may also be refused if it is considered 'voluminous in nature', in that "it would interfere unreasonably with the operations or performance of the Council".

Additional charges

In some instances, further charges may apply in addition to the application fee. Where this is the case, the applicant will be advised of the estimated additional costs if it's substantial, prior to processing the FOI application. All fees associated with a FOI application are noted on the attached FOI Information Sheet and are also publicised on Council's website under Freedom of Information.

Right of appeal

If an applicant is dissatisfied with the Freedom of Information Officer's decision to refuse access to a document, defer access to a document, not waive or reduce an application fee (whether or not the fee has already been paid by the applicant) or not amend a document (in accordance with Section 39) the applicant may appeal the decision to the Victorian Information Commissioner for review:

The purpose of the Annual Report is to review the Council's strategic, operational and financial performance for each financial year and to provide feedback to ensure we remain accountable to our community. The report also maps out how we have performed against our strategic objectives.
