Anyone is able to comment and make submissions on the Plan Melbourne refresh discussion paper.

How will submissions be used?

We want a Plan Melbourne to reflect the community's views, particularly in relation to housing affordability and diversity, energy efficiency and climate change. All submissions received will be reviewed and inform Plan Melbourne 2016.

Will submissions be publicly available?

Written submissions will be publicly available and will be able to be read by others, unless you have requested and been granted confidentiality status.

Why do I have to register to make a submission or comment online?

The information provided in the registration form will help us analyse the responses and help us know which issues are of concern to residents in which areas of Melbourne or to particular community groups.

Can I provide a submission in another format?

Given the high volume of submissions anticipated it is strongly preferred that the online form or the downloadable template be used. This will ensure the most effective evaluation of the issues raised in submissions.

How do I make a submission?

As part of making a submission, you will need to agree to the privacy collection notice and statement of confidentiality. These are outlined in both the online submission and upload forms.

Do I have to respond to all of the questions in the submission form for my views to be heard?

Not at all. You are welcome to respond to as many, or as few, of the questions on the Plan Melbourne refresh discussion paper as you would like.

Can I comment on other areas not addressed in the Plan Melbourne refresh discussion Paper?

This refresh is not intended to comprehensively revise Plan Melbourne 2014. It builds on the extensive work and consultation underpinning Plan Melbourne 2014. Much of Plan Melbourne 2014 enjoys bi-partisan support and will not change.

The Plan Melbourne refresh discussion paper and consultation process is asking Melburnians to take another look at particular aspects of Plan Melbourne 2014 that need revision such as the key issues of housing supply, diversity and affordability, and climate change and will reflect the Government's transport network priorities.
