

Preston Business Advisory Committee

Terms of Reference

Adopted by PBAC Wednesday 7 June, 2017

Background

- The Preston Business Association (PBA) was the responsible for managing the Preston Special Rate scheme, under the provisions of a legal agreement between PBA and Darebin City Council (DCC) from July 1999 until February 2006.
- The PBA was the representative body of retail traders and other businesses for the Business District of Preston Central.
- During 2005, the Preston Business Association wrote to Council requesting that DCC take over the direct management and administration of the Preston Special Rate Scheme. This was due to a number of factors including the inability to fill all of the executive positions on the association.
- In considering this request and in consultation with representatives of PBA, Council resolved to test a trial model of management with Council undertaking the direct management of the Preston Special Rate in consultation with an Advisory Committee. The Preston Business Advisory Committee (PBAC) is to be representative of retail and other business owners within the Business District of Preston Central and allows for a limited number of community and business representatives as associate members.
- The trial model proved to be effective from February 2006 was adopted by Council (2 June 2008) as the permanent model for the management, administration and other functions related to the marketing and promotions of Preston Central Business District and the Preston Special Rate Levy.
- The model has worked effectively due to a number of factors including the willingness of business and community representatives to work in partnership with Council and to contribute their expertise, particularly with regard to marketing and promotional activities. With Council taking on the administrative functions, local business people have been able to contribute in a more effective manner. The Preston business and community representatives on the PBAC have formed a strong network and leadership role for the Preston community.
