

# Nature Strip 'No Plant' Weed List

the place  
to live

The following list of plant species are known environmental weeds and negatively impact local biodiversity and can be detrimental to any nearby vegetation sites. Council avoids these plants and actively removes them whenever possible and we encourage residents to help by not planting them. The Sustainable Gardening Booklet provides recommendations for alternative species to all listed below.

This list is shortlisted for nature strips and is not a complete list of local environmental weeds.

Scientific name	Common name
<i>Agapanthus spp.</i>	Agapanthus
<i>Anredera cordifolia</i>	Madeira Vine
<i>Araujia sericifera</i>	Moth Plant
