

FREE FOOD WASTE AND COFFEE GROUNDS RECYCLING OPTIONS

FREE SERVICE

CAFÉ TO GARDEN PROGRAM

Residents pick up coffee grounds (and in some cases food waste) to take home to compost/worm farm.

darebin.vic.gov.au/sustainablebusiness

FREE SERVICE

RESIDENTIAL GREEN BIN

If you only generate a small amount of food waste someone in your workplace may be willing to take this home and put it in their residential Green Bin. Darebin and Moreland residential Green Bins now accept food waste.

FREE SERVICE

LOCAL COMMUNITY GARDEN

Some local community gardens accept coffee grounds and organic waste from businesses and residents. Find your nearest community garden online.

FREE SERVICE

SHAREWASTE

Free on-line match-making between people who have food waste they want picked up and people who want to pick it up.

sharewaste.com

Contact business@darebin.vic.gov.au or call **8470 8550** if you want to start using one of these organic waste recycling options.

PAID SERVICE FOOD WASTE AND COFFEE GROUNDS RECYCLING OPTIONS

PAID SERVICE

ON-SITE WORM FARM

You put your coffee grounds and organic waste into your own worm farm that is managed and stored by you on your property. The businesses participating in our worm farm trial recommend using the Hungry Bin Worm Farm, which can be purchased from wormlover.com.au

ATTENTION! If managing your organic waste on-site you need to ensure that it is: free from odours and not placed near openable doors or windows; not attracting pests; and maintained in a clean condition. If these conditions are not met Darebin's Environmental Health officers may ask you to stop using or remove your worm farm. Let us know if you want to use this option, as we may be able to offer some support.
