Welcoming Cities Reference Group

TERMS OF REFERENCE 2018

1. Introduction

The Darebin Welcoming Cities Reference Group (Reference Group) seeks to ensure that Darebin City Council (Council) meets its commitment to be a Welcoming City.

The Darebin Welcoming Cities Reference Group is a forum comprising representatives from

- government bodies
- community agencies and organisations
- existing Council advisory committees and
- the Darebin community

Collectively these representatives will share a commitment to a welcoming, inclusive and cohesive community where everyone can belong and participate in social, cultural, economic and civic life.

The Reference Group will facilitate and monitor Council's progress towards achieving the principles and criteria in the Welcoming Cities Standard.

The Standard allows member Councils across Australia to:

- Benchmark their cultural diversity and inclusion policies and practices across the organisation;
- Identify where and how further efforts could be directed;
- Assess their progress over time.

Membership of the Welcoming Cities network builds on Darebin City Council's long-standing commitment to equity, inclusion, social justice and human rights. It particularly encapsulates Council's support of cultural diversity and strong anti-racism stance and work. This work acknowledges the continued exclusion and racism experienced by Aboriginal and Torres Strait Islander people with membership on the Reference Group reflecting this intersection.

2. Purpose

The purpose of the Reference Group is to facilitate and monitor Council's progress towards achieving the principles and criteria across the six categories of the Welcoming Cities Standard.

The Reference Group provides a 'whole-of-community' partnership response to Council's Welcoming Cities commitments so as to create a welcoming and cohesive city where everyone can belong and participate in all aspects of community life.

The Reference Group will inform and support the development and monitoring of the actions and strategies implemented by Darebin Council to meet the Welcoming Cities Standard. The Reference Group will provide strategic and practical advice, a basis for partnerships, as well as input from community members.

Members of the Cities Reference Group will also represent and advise on issues that impact upon residents' and community's sense of welcome and belonging in Darebin and beyond.

2.1. Policy context

The Darebin Welcoming Cities Reference Group supports Darebin City Council's goals articulated in the Council Plan 2017-2021:

- Goal 2: Opportunities to live well.
- Goal 3: A liveable city.
- Goal 5: An equitable and diverse community.

Welcoming Cities commitments are captured in Council's Equity, Inclusion and Human Rights Framework (draft) and reflected in a range of additional frameworks and action plans:

- Darebin Health and Wellbeing Plan 2017-2021
- Darebin Aboriginal Action Plan (draft)
- Darebin Council Community Engagement Framework 2012-2017
- Darebin Gender Equity and Preventing Violence against women Action Plan (draft)
- Darebin Human Rights Action Plan (draft)
- Darebin Sexuality, Sex and Gender Diversity Action Plan (draft)

2.2. Guiding principles

The Darebin City Council's Welcoming Cities Reference Group aligns to the principles set out in the Australian Standard for Welcoming Cities, affirming that:

- Aboriginal and Torres Strait Islander people are recognised as the First People of this nation and the Traditional Owners and custodians of the land. As such Aboriginal and Torres Strait Islander people should be engaged as leaders in welcoming activities.
- Cultural diversity and inclusion are paramount and should be advanced through collaboration within Council and cooperation and partnerships between Council, the local community and other government and community agencies and organisations.
- Relationships between newly arrived/migrant and receiving/established communities should be facilitated to address racism and promote social cohesion - noting diversity of experience, identity, resources and status.
- All residents should have equitable access to Council services and assets, as well as opportunities for employment, business development and entrepreneurship, removing systemic barriers as needed. All residents should be equally supported to participate in the community and encouraged to participate in civic life. All residents should be engaged in design process for urban planning so that public spaces and facilities enhance liveability, social cohesion and inclusion.
- It is essential to engage the receiving/established communities in ways that build greater understanding of why welcoming work is important. Both receiving and migrant communities should be supported to develop the skills and opportunities required to foster social cohesion.
- People of all backgrounds have unique talents and experiences that they contribute to our community. These should be valued to make our communities vibrant, and welcoming.
- The voice and experiences of both new arrivals and the broader community are critical to defining a welcoming agenda.
