Council has said the neighbour's barking dog isn't breaching any noise laws, but I think the council is wrong and they just haven't investigated the situation properly.	My neighbour's dog keeps barking and I can't sleep. Can council do something about it?
I called last week about a tree branch on the footpath. It's still there and I don't understand why Council hasn't picked it up yet: I want to take this further.	My neighbour has branches overhanging on the footpath and Council should do something about it.
I would like to complain about a cat cage which was promised two weeks ago, and I have not heard anything.	I would like to complaint about a stray cat that is roaming in my backyard.

**Some category of complaints may be managed via the standard Pathway request process if this results in a better customer outcome. These complaints will still be reported on. Refer to the intranet for details.*

Policy Statement(s)

Guiding Principles

This policy is based on seven guiding principles:

1. Commitment

We recognise customers' right to complain and we are committed to resolving the complaints we receive. We consider complaints handling to be part of our core responsibility to serve the Darebin community to continually improve service delivery, so our services are accessible, quality, equitable, inclusive and responsive.

2. Accessibility

Regardless of their needs (language other than English, disability or impairment, educational level, 'digital divide' or other), people can easily find out how to complain to Council, and we actively and respectfully assist them with the complaints process.

3. Transparency

The complaints handling system clearly sets out how to lodge a complaint, where to complain, and how the complaint will be handled. The steps taken to respond to a complaint are recorded and will stand up to scrutiny.

4. Objectivity and Fairness

Complaints are dealt with courteously, respectfully and impartially, within established timeframes and are assessed on merit and facts, while paying attention to particular circumstances of hardship or other barriers to equity that the complainant might face

5. Confidentiality

The complaints handling system protects the personal information of people making a complaint, in accordance with our obligations under privacy laws and internal policy. We provide clear information about how we handle personal information. Complaint data is de-identified if reported on more widely. Our staff and contractors are only informed should their expertise or knowledge be required to resolve the complaint.

6. Accountability

We are accountable, both internally and externally, for our decision making and complaints handling performance. We provide explanations and reasons for decisions, and ensure our decisions are subject to appropriate review processes.

7. Continuous Improvement

We act on complaints promptly, as set out in this policy. We regularly analyse complaints data to find ways to improve how we operate and how we deliver our services. We then implement these changes.

How to make a complaint

Customers may contact us by their preferred method to lodge a complaint. We accept complaints from authorised representatives if a person is unable or does not want to lodge a complaint themselves.

1. First Point Resolution
<ul style="list-style-type: none"> • The customer can contact us by their preferred method to lodge a complaint • We aim to resolve complaints at the first point of contact. We record all details of the complaint. If we are unable to resolve a complaint at the first point of contact, we will refer it to the relevant department for investigation • We will give a system reference number and let the complainant know expected timeframes and what happens next • All complaints will be acknowledged within two business days • If the complaint does not relate to Council, we can refer the complainant to an appropriate organisation or agency
2. Investigation
<ul style="list-style-type: none"> • If the frontline staff cannot resolve the complaint, it will be assigned to a council officer for investigation • Council will aim to resolve all complaints within 14 business days • If the complaint cannot be resolved within 14 business days, the assigned officer will advise the complainant of any progress and revised timeframes • Complaints that are not resolved within 14 business days will be subject to review and escalated to ensure a resolution • The council officer will contact the complainant to advise them of the outcome and the reasons for the decision via the customer’s choice of contact method • If the Complainant is not satisfied with the outcome, they can request an internal review

3. Internal Review

- The internal review is conducted by a senior manager of Council
- The complainant will be provided with acknowledgement of their request for a review within two business days of its receipt
- The reviewing manager will assess and investigate to find a mutually agreeable outcome which may include remedies if appropriate (see section 9 for possible remedies)
- We will endeavour to complete the internal review within five business days
- A written letter outlining the outcome will be provided to the complainant at the conclusion of the review
- The complainant will be advised of options for appeal if the complainant is still not satisfied

4. External Review

- If the complainant is not satisfied with the process or outcome of Council's internal review, they have the right to refer the complaint to an external organisation or agency such as the Victorian Ombudsman
- We will endeavour to advise which external organisation or agency is most appropriate

Other complaint avenues

Anonymous complaints

Alleged improper conduct, which includes corrupt conduct, can be reported as Public Interest Disclosures. Disclosures may be made to the Council's Public Interest Disclosures Coordinator, Public Interest Disclosures Officer or the CEO, and they will be handled in accordance with Council's Public Interest Disclosures Act Procedure. Public Interest Disclosures may also be made directly to IBAC or the Victorian Ombudsman.

If a Public Interest Disclosure is about alleged improper conduct by a Councillor, the report must be made to IBAC or the Victorian Ombudsman

We will also take steps to address the situation. Possible remedies include, but are not limited to:

- Share the information with Council staff on a need to know basis.

Details about how we collect and use personal information can be found in the Darebin City Council's *Information Privacy Policy 2015*.

Recording and reporting on performance

All complaints made to Council are recorded in our centralised system. This enables us to monitor progress to ensure complaints are resolved within the agreed timeframes and to the customer's satisfaction.

Audits will be randomly conducted to ensure the policy and procedure are being adhered to and to obtain feedback from the customer on the process.

Complaints data will be reported quarterly to the Executive Management Team and in stage two we will commence reporting annually to the public in the Darebin City Council Annual Report. Complaints data is anonymised and used to show information such as:

- Volume of complaints received
- theme or nature of complaint
- number of complaints that progressed to internal review
- number of complaints received by each department
- number of complaints resolved within the service level agreement
- Customer satisfaction

To measure performance, we will analyse our complaint data to identify areas of opportunity to improve our services, reduce complaint volume and improve the customer experience. Senior management is responsible for acting on the recommendations in these reports.

We will also detail any service improvements made as a result of complaints received.

Unreasonable complainant conduct

Most complainants who lodge a complaint with Council act reasonably and responsibly in their interactions with us. We expect customers to:

- treat us in a courteous and respectful manner
- respect the privacy, safety and needs of other members of the community
- provide us with the information we need and as required by statutory authorities.

Unreasonable complainant conduct is any behaviour by a current or former complainant which, because of its nature or frequency, raises substantial health, safety, resource or equity issues for our organisation, our staff, other service users or the complainant themselves.

Some complainant behaviour will be inappropriate and unacceptable in the following modes:

- unreasonable persistence – e.g. contacting different Council officers in an attempt to get a different outcome, reframing a complaint that has been resolved, asking for a review without presenting an argument
- unreasonable demands – e.g. issuing demands about how Council should handle the complaint and its priority, insisting on outcomes that are not possible or appropriate
- unreasonable lack of cooperation – e.g. not providing sufficient detail or evidence as required for investigation, not defining the core issue of the complaint
- unreasonable arguments – e.g. false, defamatory or inflammatory, failure to follow logical sequence, trivial compared to the time demanded by the complainant
- unreasonable behaviours – e.g. acts of aggression, harassment, threats, stalking.

Unreasonable complainant conduct will be monitored and recorded by the Customer Service Management Team. Where the Customer Service Management Team has identified a complainant has become unreasonable under the above definition, they will refer this issue to the relevant senior manager. The senior manager has the responsibility and authority to restrict access for the complainant, and may apply one or more of the following limitations:

- Who the complainant has contact with – limiting a complainant to a sole contact person/staff member in our organisation?
- What the complainant can raise with us – restricting the subject matter of communications that we will consider and respond to
- When the complainant can have contact – limiting a complainant's contact with our organisation to a particular time, day, or length of time, or curbing the frequency of their contact with us
- Where the complainant can make contact – limiting the locations where we will conduct face-to-face interviews to secured facilities or areas of the office
- How the complainant can make contact – limiting or modifying the forms of contact that the complainant can have with us.
