COMMUNICATIONS AND ENGAGEMENT

Consultation

The Proposed 2019-20 Budget went on public display on 10 April 2019. An extensive community engagement process was implemented, aimed at raising awareness of the draft budget and the opportunity for input. A summary of the engagement includes:

- Hosting drop in listening/information posts across the municipality (attended by Councillors and staff)
- A total of six information pop-up sessions held at locations across the municipality
- Direct consultation at various Council Advisory Committee meetings and with stakeholders
- Development and promotion of a detailed, user friendly, 'yoursaydarebin' web page
- Advertising through traditional media, social media and at customer service centres.

ANALYSIS

Alignment to Council Plan / Council policy

Goal 6 - A well governed Council

Environmental Sustainability Considerations

The Proposed Annual Budget 2019-20 continues Council's funding of environmental operations in a range of areas including waste collection, recycling services, street cleaning, litter collection, park and sporting field maintenance and improvements in the context of drought, water-saving and energy efficiency measures.

Equity, Inclusion and Wellbeing Considerations

The Proposed Annual Budget 2019-20 has been prepared using key principles of social inclusion, fairness and equity. These principles determine how Council proposes to raise income and allocate expenditure to fund services and infrastructure.

Around 10,300 eligible Darebin pensioners will receive Council's \$150 rate rebate and one free animal registration.

Cultural Considerations

The Proposed Annual Budget 2019-20 includes approximately \$5.2 million for cultural activities including festivals, arts programs and the management and operation of community venues.

Economic Development Considerations

The Proposed Annual Budget 2019-20 includes approximately \$1.4 million for economic development activities including the Green Business Expo, export program, activation of vacant shops, working with local trader and business associations to help them improve business performance to develop and implement regional economic growth.

Financial and Resource Implications

No changes have been made to the proposed budget arising from the submissions at this time. The submissions in total are requesting an estimated additional \$30.60 million (\$24.93 million for capital works projects and \$5.67 million for operating projects).

The draft budget has been compiled under the relevant financial and human resource limitations. The consideration of all submissions must take into account the finite resources available to Council in particular, Council's limited financial and resource capacity to undertake all desired projects.

Legal and Risk Implications

Aside from meeting the various relevant sections of the Local Government Act, there are no further legal implications. The operational risk of our spending decisions in the draft budget are a key element in the decision making process. Full consideration will be given to the risk impacts.

DISCUSSION

The community response to the consultation process this year has been particularly pleasing. Eighty-five written submissions had been received in relation to the Proposed Annual Budget 2019-20. The process has been resource intensive but rewarding and has reinforced the value of our processes.

A total of twenty-nine have requested to be heard in support of their written submissions.

Copies of all submissions have been circulated separately to Councillors for their information.

IMPLEMENTATION STRATEGY

Details

Following the Hearing of Submissions Committee meeting, a report in relation to all submissions received will be submitted for consideration at the meeting of Council scheduled for 24 June 2019.
