About Our Council Plan

The *Local Government Act 2020* sets a new approach for all local government in Victoria, that aims to bring all communities back into the core of local government and the services we provide. This requires deeper engagement, with more voices heard that truly represent the communities we serve – in a process called deliberative engagement.

The Community Vision, Council Plan, Financial Plan, (and upcoming 10 year Asset Plan) are all required to be developed through deliberative engagement with communities.

We embrace and support this approach, as it has allowed us to bring the people of Darebin closer to our strategic planning.

This 2021-2025 Council Plan (incorporating our Municipal Public Health and Wellbeing Plan) is our Council's key strategic document for the next four years. It guides how we will move closer to our Darebin 2041 Community Vision – what areas will be our key focus, what actions we will take, how we will measure our progress, and transparently report to our community.

Each year, we will undertake priority actions – funded through our Annual Budget – and report back to our community through our Annual Report.

Our Council Plan was informed by extensive community engagement in 2020-21, including the feedback collected for our Community Vision, and our current research, strategies and plans.

Our community was involved through targeted community conversations and workshops – including with First Nations people, people from non-English speaking backgrounds and young people – and online and phone surveys with more than 3,000 residents and businesses. We also heard from community members directly, at a hearing panel headed up by our Councillors.

We developed a Council Plan that truly represents the voices of our community, and sets us off in the direction of the Darebin we want to be by 2041.

Acknowledgements

Acknowledgement of Traditional Owners and Aboriginal and Torres Strait Islander people

Darebin City Council acknowledges the Wurundjeri Woi-wurrung people as the traditional owners and custodians of the land and waters we now call Darebin and affirms that Wurundjeri Woi-wurrung people have lived on this land for millennia, practising their customs and ceremonies of celebration, initiation and renewal.

Council acknowledges that Elders past, present and emerging are central to the cohesion, intergenerational wellbeing and ongoing self-determination of Aboriginal communities. They have played and continue to play a pivotal role in maintaining and transmitting culture, history and language.

Council respects and recognises Aboriginal and Torres Strait Islander communities' values, living culture and practices, including their continuing spiritual connection to the land and waters and their right to self-determination. Council also recognises the diversity within Aboriginal and Torres Strait Islander communities.

Aboriginal and Torres Strait Islander people and communities have had and continue to play a unique role in the life of the Darebin municipality. Council recognises and values this ongoing contribution and its significant value for our city and Australian society more broadly.

Extract from Darebin City Council's Statement of commitment to Traditional Owners and Aboriginal and Torres Strait Islander people 2019.

Darebin's Diversity Statement

Situated on the traditional lands of the Wurundjeri Woi-wurrung people, the City of Darebin is now home to a diverse community of people with different socio-economic status, gender, age, ability, race, culture, ethnicity, language, sexuality, sex characteristics, gender identity, beliefs, occupations, income, education, carer status and household type. The Darebin community cherishes this diversity and values it as an important civic asset.

Darebin City Council acknowledges the history and contributions of the various communities, migrants and refugees who have made the municipality their home. Their endeavours have enriched the economic, social, cultural, artistic, community and civic character of the city, and created a cosmopolitan locality where variety and difference are welcomed and encouraged.

Council also acknowledges that who we are today as a municipality rests on the history of loss and dispossession inflicted upon Aboriginal people, past and present, despite their strengths, resilience and continued contributions to our city.

Climate Emergency And Climate Risk

Addressing climate change is a key responsibility of Local Government under Victorian legislation.

The *Climate Change Act 2017* sets a target of net zero carbon emissions by 2050 for Victoria, and requires five-yearly interim targets to be set by the State Government. It also provides guidance for state and local government decision-making across a suite of legislation - including the *Public Health and Wellbeing Act 2008* and the *Local Government Act 2020*.

The *Local Government Act 2020* now requires Local Government to address climate change and consider climate change risks, as one of the key overarching governance principles.

Darebin City Council has a proud history of leadership in relation to tackling climate change.

In 2016, our Council was the first government of any kind to declare a climate emergency - requiring urgent action by all levels of government, including Local Government.

Since then, more than 1,900 governments around the world have made similar declarations and committed to urgent action to address climate change.

In 2017, Darebin City Council adopted its Climate Emergency Plan 2017-2022, that outlined Council's commitment to aim for zero greenhouse gas emissions for our Council and community. We called on the State Government and Federal Government to declare a climate emergency and legislate programs to drive an emergency response.

On 2 December 2019, our Council further resolved to call on the State Government and Federal Government to achieve zero emissions by 2030.

Council's commitment to addressing the Climate Emergency continues through this 2021-2025 Council Plan (incorporating Municipal Public Health and Wellbeing Plan).

Our Community At The Heart Of Our Vision

For the first time ever, our community has developed a vision to set the aspirations for the future Darebin, and the community we want to be 20 years from now.

Under the new *Local Government Act 2020*, a community vision must be informed and shaped via a deliberative process, meaning the community is heavily involved in shaping the vision.

From December 2020 to February 2021, we spoke to 1,631 people from all over our city, to gather as many ideas as possible about what they currently loved, what we could do better, and to use three words to describe the Darebin they want to see in 2041.

What our community told us they value

Greening the City

Our community values 'green' spaces (parks as well as street trees) and want more of them, and the ones they have to be protected and enhanced.

Sustainability

There is much regard and respect for the many people in our community who care about the environment and sustainability across a range of perspectives, from promoting less car use, protecting native plants and animals, and driving action on climate change.

Inclusive Diversity

Our community values multiculturalism and aspires to preserve inclusivity.

Safety

Our community aspires for a future that is clean and safe. Safety is referenced from both a sense of personal physical and psychological safety ("feeling safe" while out). It is also about safety as a cyclist and a pedestrian. Our community connects urban design with safety. There is a clear link between poorly lit and/or unkept dirty places, with a feeling of being unsafe.

Lifestyle

Our community both love the amenity of our city, and also want to see it get better in the future. Amenity covers a range of things, from the convenience of public transport and accessibility to local services, to protection from over-population and over-development.

To ensure the vision is truly one owned by our community, we then handed over the feedback from the hundreds of conversations we conducted online, in person and on the phone, to a group of 39 residents and business owners in Darebin. This group - the Darebin Deliberative Panel - was selected by independent experts to ensure community members of different ages, genders, nationalities and experiences, ultimately design our new Community Vision.

From February to May 2021, the panel met to shape and refine the vision, and we now have a clear expression of the Darebin we want to become by 2041. Our Community Vision is at the heart of our Council Plan, and all the work that flows from there - our priorities, strategic plans, investments, services, partnerships and activities. The vision is supported by three themed pillars - which form the key directions and focus of this Council Plan.

Darebin 2041 Community Vision

Darebin is an equitable, vibrant and connected community.

Darebin respects and supports First Nations People, values country, our diverse communities and places.

Darebin commits to mitigating the climate emergency, creating prosperity for current and future generations.

Supporting this Vision, are the pillars of:

Vibrant, Respectful and Connected

- Celebrating all diverse communities and uplifting different voices in places of power
- Connection to, and preservation of, local history acknowledging past harm and trauma
- Vibrant and dynamic spaces, amenities and events
- Recognising Aboriginal and Torres Strait Islander values, living culture and connection to country
- One Darebin, no suburb left behind

Prosperous, Liveable and Flourishing

- Encouraging and incentivising business investment and growth in the sustainability sector
- Creating equitable and diverse opportunities for employment and volunteering
- Being a 20-minute city with access to amenities and services close to our homes
- Sustaining community ownership of services and maintaining the health and wellbeing of all, across all life stages
- Making Darebin a Victorian centre for creative industry and the arts
- Ensuring development and the built environment are designed for liveability and sustainability

Climate, Green and Sustainable

- Taking urgent action on the climate emergency, leading and educating communities and businesses
- Making decisions that are community driven, transparent, socially and equitably just and equitable
- Providing and promoting safe and sustainable transport
- Regenerating, enhancing and protecting ecosystems and biodiversity
- Integrating ecological solutions in the built environment, promoting sustainable development and retrofitting practices, which protect natural assets and strive for zero carbon emissions

Message From Our Mayor

Everything we do at Council is ultimately driven by our Council Plan and guided by our Community Vision.

It's vital that as the broader community faces shifting challenges, that we update our plan and adapt to these changing needs, to find better, smarter ways to serve the community.

Our Community Vision remained steadfast as we set out to find efficiencies and opportunities to concentrate our efforts while achieving better results for the community.

A deliberative process was undertaken providing members of the community an opportunity to have input into the review of this Council Plan.

We have four directions that continue to guide our actions and resources over the next two years:

Vibrant, Respectful and Connected: making sure our community is one where all our people are valued, and no one is left behind.

Prosperous, Liveable and Flourishing: building on Darebin's strengths in relation to business, services and industry, and creating a city where all services and facilities to support a balanced, healthy life are easily accessible to our residents.

Climate, Green and Sustainable: ensuring Darebin is a leader in responding to the climate emergency, and our natural environment is protected and enhanced.

Responsible, Transparent and Responsive: recognising we are here to serve our community, in all its diversity, and that we govern transparently and accountably.

Council acknowledges the Wurundjeri Woi-wurrung people as the Traditional Owners and custodians of the land and waters we now call Darebin.

Across the ages Wurundjeri Woi-wurrung people have lived on this land, practising customs and ceremonies of celebration, initiation and renewal.

Council acknowledges that Elders past, present and emerging are central to ongoing self-determination of Aboriginal communities, and in maintaining culture, history and language. This is part of our formal Statement of Commitment to Traditional Owners and Aboriginal and Torres Strait Islander people.

We're committed to keeping our community updated on the progress we make on the actions detailed in this plan.

We'll be upfront and honest with the Darebin community about achievements and where we can do better, along with any adjustments we may need to make along the way.

Being transparent and honest are important values to me and they form my promise as Mayor.

Cr Julie Williams
Mayor

Message From Our Chief Executive Officer

Our Council Plan is a living, breathing document. It sets out real, tangible actions that deliver against our Strategic Priorities and Community Vision and shapes the day to day work of our dedicated staff.

To reflect the changing needs of the community and adapt to the reality of the financial pressures we're all experiencing, it became necessary for Council to revise our Council Plan 2021-25.

Like many other Councils, the City of Darebin is facing rising costs; some well above general inflation and has very limited ability to increase its income to meet these costs due to the rates cap which limits increases on 70% of our annual income to 3.5% in 2023/24. Our ability to increase the other 30% of our income is also limited as many of our fees and charges are not set by Council and there is a need to keep our fees affordable for our community who are also facing rising costs.

This has placed significant pressure on our ability to meet our obligation to ensure that Council remains financially sustainable. Our revision of our Council Plan has therefore focussed on funding our highest priorities based on the needs of our community and the realisation of the Community Vision for Darebin. This also means that there are some actions we have had to adjust, stop or defer to ensure our Draft Council Plan remains achievable and affordable within the resources we have available.

We have also revised our long-term financial plan to make sure that we remain financially sustainable now and into the future. In accordance with the Local Government Act 2020, we have undertaken a deliberative consultation process to incorporate important community feedback into the final documents.

In this updated plan, some actions have moved to business as usual work and therefore won't be reflected in the plan. Other actions have now been successfully completed since the plan was implemented in 2021, including a range of partnerships and infrastructure projects.

To maximise our resources at Council and make best use of our efforts, some related projects have been brought together. I'm confident that consolidating similar projects will result in increased efficiencies and streamline the way we deliver services for the community.

We have also had to make some tough decisions and some projects will no longer continue at Council. These decisions have not been made lightly, and we have kept our focus on delivering high quality services and programs that make a difference.

We have also been busy actively finding operational efficiencies at Council so we can continue to deliver services that the community relies upon.

Overall, this update to our Council Plan is about investing in services and existing assets to serve the needs of the community, ensuring the community receives value for money while staying committed to our goals and strategic priorities.

As we adapt to these changes, our staff remain committed to delivering results that address community needs. The community remains at the heart of everything we do.

I look forward to working alongside our staff and the community to fulfil our updated Council Plan actions.

Peter Smith
CEO

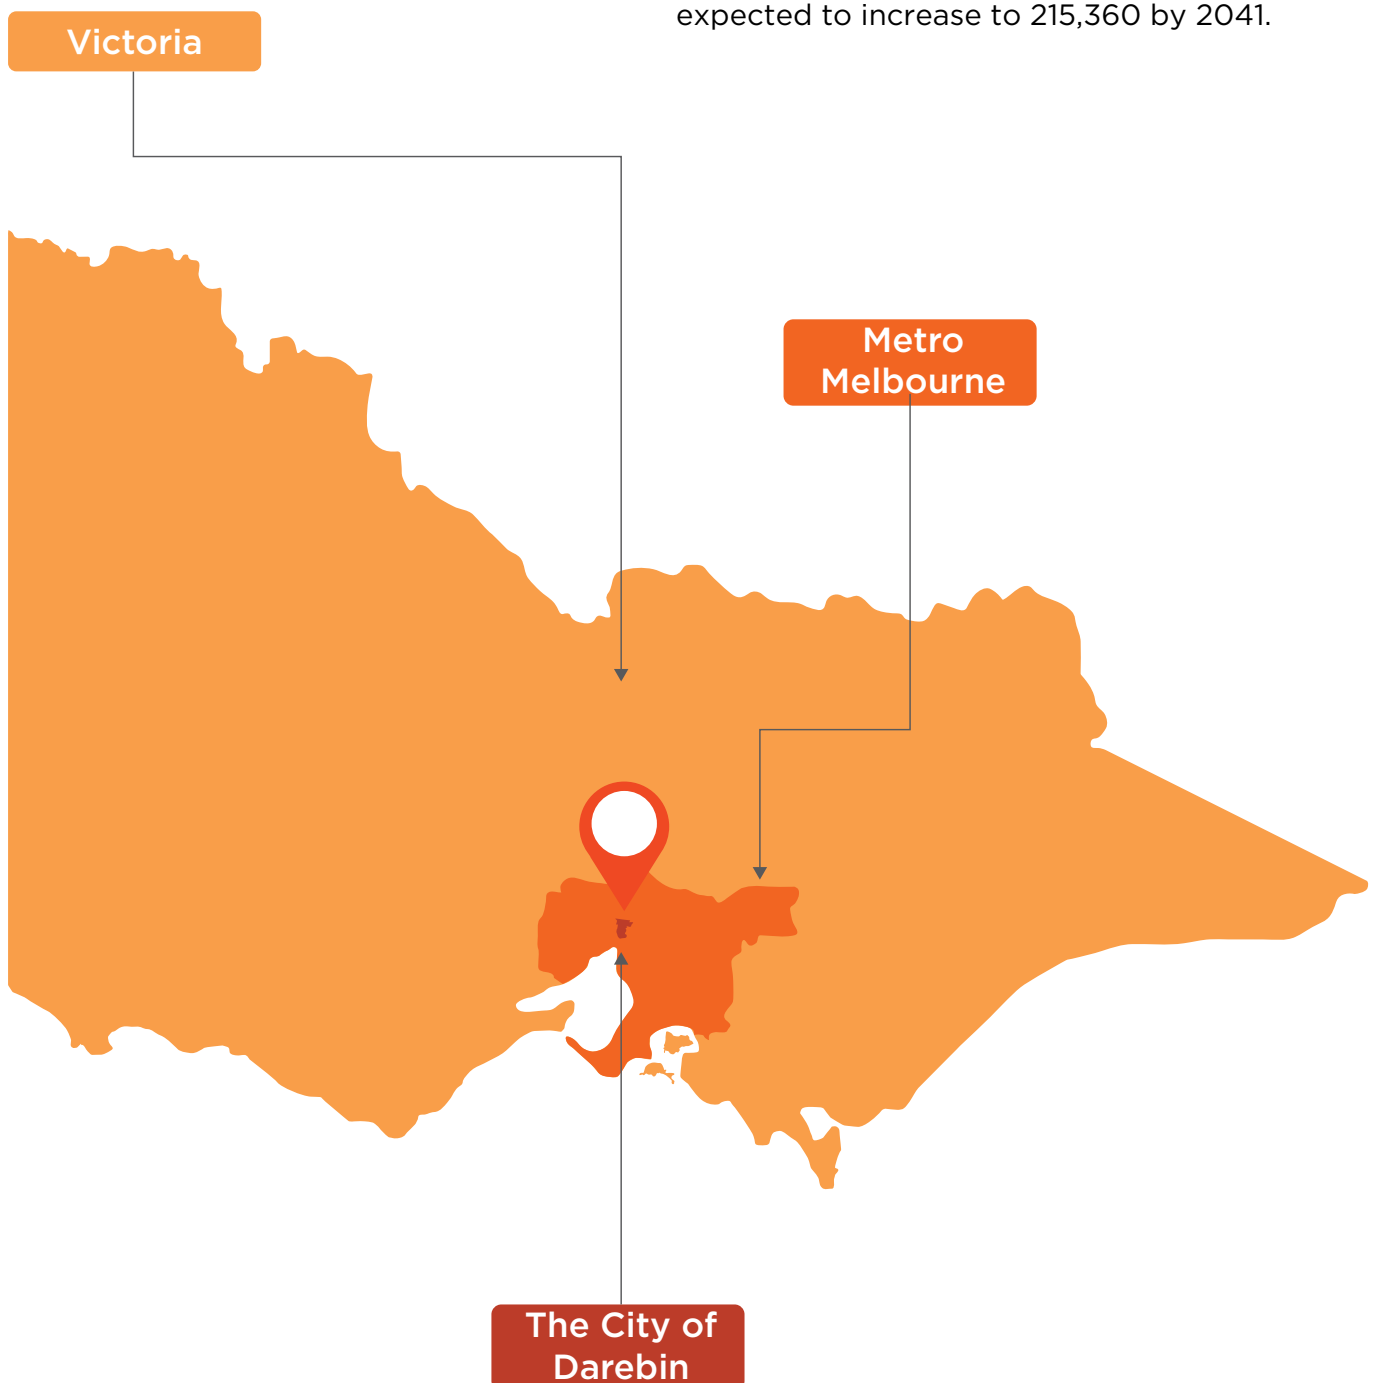

Our Darebin

The City of Darebin is located between five and 15 kilometres north of Melbourne's central business district.

It has been home to the Wurundjeri people for many thousands of years.

Our city covers 53 square kilometres of land stretching from the inner northern suburbs of Northcote and Fairfield, to Reservoir and Bundoora.

We are growing: in 2022, our city's population is 150,325 people (ABS Estimated Residential Population 2022), and this is expected to increase to 215,360 by 2041.

We are home to one of Victoria's largest and most diverse communities in the realms of culture, language, religion, socioeconomic background, employment status, occupation and housing need. In 2021, 46,688 of our residents were born overseas; 18 per cent had arrived in Australia in the five years prior.

We have a diverse mix of properties – with 68,081 residential properties, 4,661 business properties and 531 mixed-use properties as at 30 June 2022. Our largest industries are education and training, retail, manufacturing, health care and social assistance.

As a Council, we are responsible for a large part of our city's infrastructure and natural habitat. We own, control, manage or maintain 530 kilometres of roads, 1,045km of sealed paths, 333 buildings, 66 road and foot bridges, 23,194 stormwater pits, 29 wetlands, 627.6km of stormwater pipes, 790 hectares of open space, 27 sports reserves, seven natural reserves, 57 playing fields/sports grounds, 130 playgrounds and 84,300 street trees.

While our city's social and economic prosperity is changing, with more of our residents earning higher incomes, we still have many of our residents experiencing disadvantage.

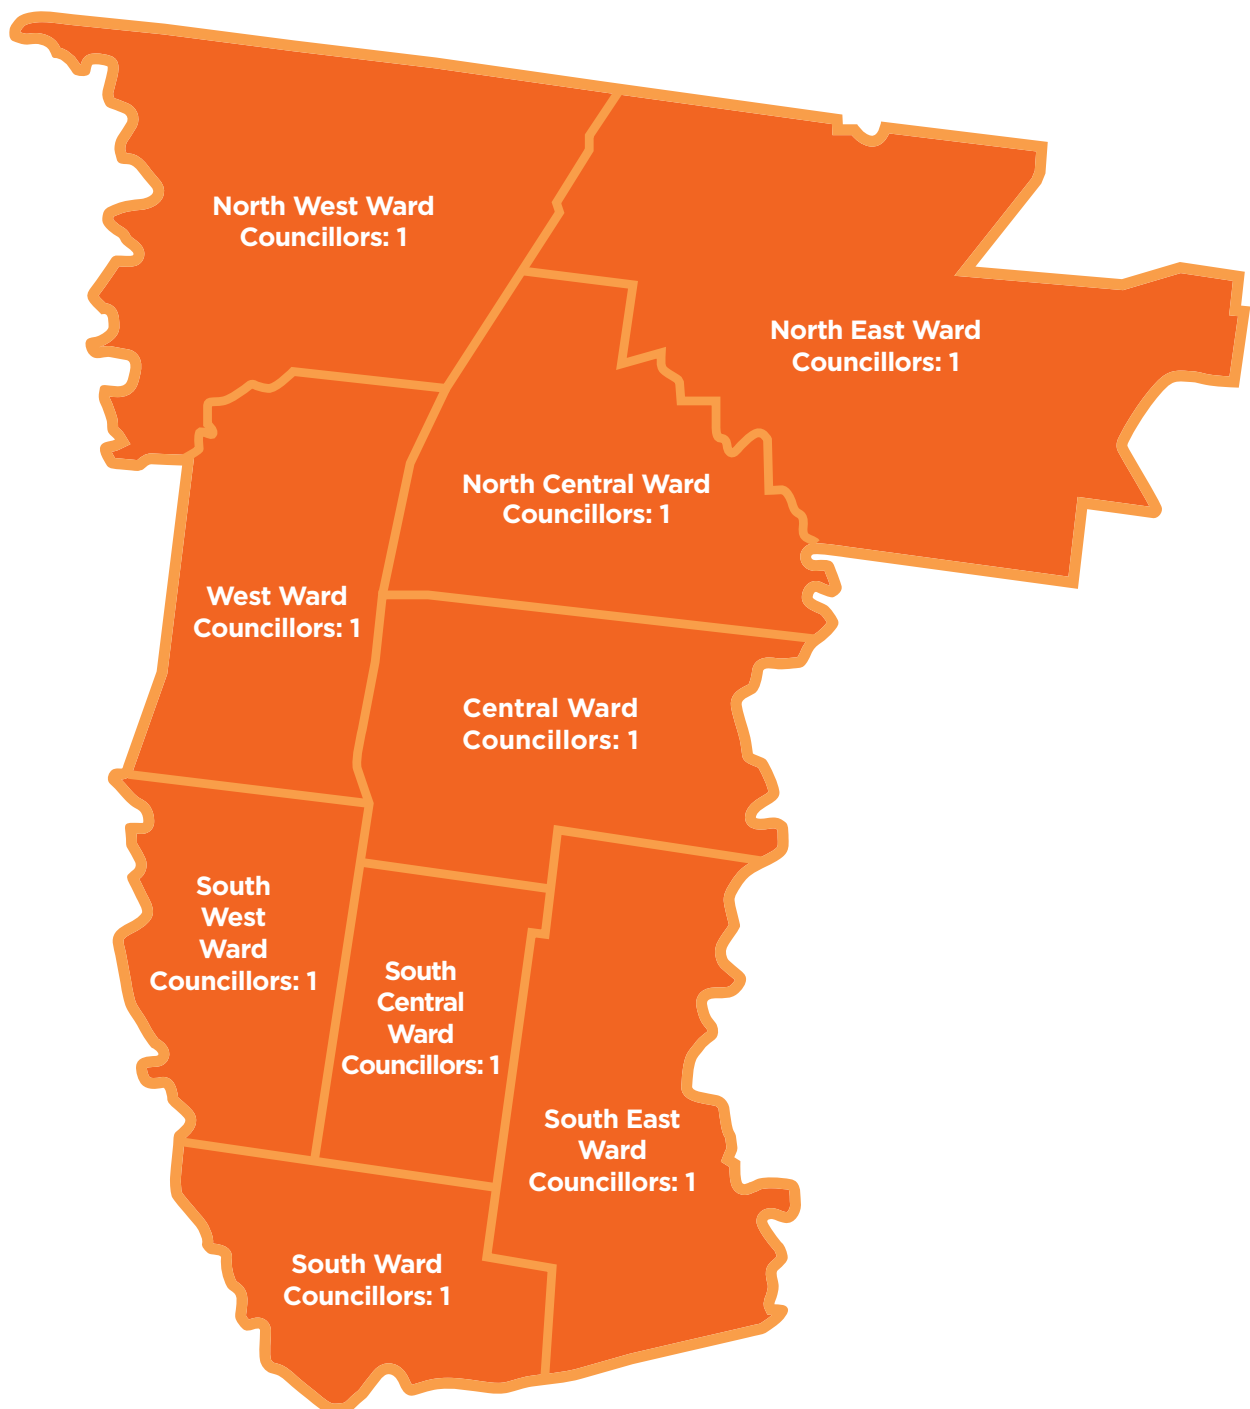

The Socio-Economic Index for Areas (SEIFA) score ranks areas based on indicators that contribute to disadvantage (including unemployment and income). In 2021, Darebin's SEIFA disadvantage score was 1018, the same as Greater Melbourne at 1018, and a lower level of disadvantage than the Victorian average of 1010. A higher score on the index means a lower level of disadvantage.

In December 2022, our unemployment rate was 4.2 per cent. This is slightly higher than Greater Melbourne (3.9 per cent), and slightly higher than Victoria overall (3.7 per cent).

Our Council

Our City

The City of Darebin ward structure changed for the general municipal election in October 2020. Our city is now divided into nine, single member wards.

Our Planning Framework

Our Integrated Strategic Planning Framework is how we set the direction for Council, and ensure we are moving towards that direction. At the start of this process is the development of our new Community Vision - Darebin 2041 - that sets our horizon 20 years into the future, on the community we want to be in 2041.

From there, we have developed our medium term strategies - our four-year Council Plan and actions (incorporating our Municipal Public Health and Wellbeing Plan), our Corporate Plan for the organisation, and our Budget.

Our Budget is developed annually with a four-year horizon.

Under the *Local Government Act 2020*, a longer term focus is encouraged. We have a 10 year financial plan and a 10 year asset plan to ensure we have the financial resources and infrastructure to deliver the actions we commit to.

Our Municipal Public Health And Wellbeing Plan

Our Municipal Public Health and Wellbeing Plan is embedded in our Council Plan. Under law, the *Public Health and Wellbeing Act 2008*, we have a responsibility to protect, promote and improve the public health and wellbeing of our community.

One way we do this is to ensure our Council Plan – our key strategic plan – includes actions aimed to improve the social, cultural, economic, physical and natural environments.

We believe a transparent and streamlined approach is best, so rather than have a separate plan for this, our Council Plan has critical actions for the planning - and collaborative delivery with other health providers - of health and wellbeing initiatives.

Wellbeing Commitment

Darebin City Council is committed to promoting, protecting and improving the wellbeing of our community, and addressing health inequality.

Our Approach To Health and Wellbeing

To inform our planning for community health and wellbeing, our Council developed the 2021 Darebin Health and Wellbeing Profile Report. The Report examines data on the health status and health determinants of our city, including analysis of:

- Policy and laws guiding how our Council plans for the health and wellbeing of our community. This includes considering the priorities of the Victorian Public Health and Wellbeing Plan 2019-2023, and the requirements of the *Public Health and Wellbeing Act 2008* and *Climate Change Act 2017*
- The health status of our people based on data from sources including State Government departments, the Australian Bureau of Statistics (ABS), VicHealth and .id consulting
- Local data from the 2020 Darebin Annual Community Survey, and the findings of the 2015 Reservoir East and Preston East Health and Wellbeing Survey.

How We Work

Integrated Planning

Our Council embraces a collaborative, whole-of-organisation approach to improving health and wellbeing. We have a strong commitment to partnerships with a broad range of stakeholders, service providers, and the community.

Working in Partnership

Central to improving the wellbeing of our community is to work in partnership. Council will work in partnership with stakeholders, services providers and community to advocate, support, fund and deliver a range of actions over the next four years to respond to the social determinants of health and wellbeing.

Influencing the Environments for Health

We understand health and wellbeing is influenced by the social, economic, cultural, built and natural conditions - the environments for health - in which we are born, grow, learn, live, work and age.

Our Council will continue to build on previous work, learnings, successes and partnerships with community and stakeholders, to influencing these 'environments' and improve the health and wellbeing of our community.

Addressing Health Inequalities

Our Council is committed to reducing - and eliminating where possible - unfair and avoidable differences in the health and wellbeing status of diverse groups in our community.

We are dedicated to applying the lenses of our Towards Equality Framework - People, Places and Experiences, to understand the differences in the health status across our city, and ensure the actions we take, and the resources we distribute, seek to correct these inequities.

Improving Environments For Health

Natural

- Connection with nature
 - Climate change
 - Waste management
-

Social and Cultural

- Human rights
 - Sense of place and belonging
 - Social connection
 - Volunteering
 - Community participation
 - Arts and culture

- Local economy

Health And Wellbeing Indicators

How we compare to Victorian average for key indicators of health and wellbeing

Source: Victorian Agency for Health Information (2017) Victorian Population Health Survey <https://www2.health.vic.gov.au/public-health/population-health-systems/health-status-of-victorians/survey-data-and-reports/victorian-population-health-survey/victorian-population-health-survey-2017>

A range of data sets in addition to the Victorian Population Health Survey, including employment levels, income and losses from electronic gaming machines are available in the Darebin Health and Wellbeing Profile Report: www.darebin.gov.au/healthandwellbeing

Our Health And Wellbeing Priorities

To understand the health and wellbeing needs of our people, we developed a Health and Wellbeing Profile Report. In addition to health data analysis, the report includes findings from consultations with our community and local organisations.

This report identifies five health risks as key areas of concern, and highlights the need to continue working with the community and other stakeholders to address eight determinants of health.

We have identified these 13 areas as the priorities to focus on for 2021-2025, to improve health and wellbeing outcomes for our community. These priorities also align with the Victorian Public Health and Wellbeing Plan 2019-2023 priorities.

Monitoring our progress

Council is committed to ongoing monitoring of the Council Plan (incorporating the Municipal Public Health and Wellbeing Plan). Council will review the public health and wellbeing matters addressed in the Council Plan each year, and if necessary, make amendments. Council will develop, implement and report on an annual action plan.

In addition to the actions listed in the Council Plan, Council will review and renew our strategies to ensure our efforts that respond to the health and wellbeing priorities are continued throughout the four-year Council Plan.

Priorities: Modifiable Health Risks

- Sedentary lifestyle
- Risky alcohol consumption
- Smoking
- Mental health
- Bowel cancer screening for those aged 50-74 years

Priorities: Determinants of Health

- Loneliness and social isolation
- Unemployment
- Food security
- Harm associated with gambling
- Homelessness
- Family violence and violence against women
- Community safety
- Mitigating the impact of climate change on health and wellbeing

Our approach to address these health and wellbeing priorities is three-fold:

1

Ensuring Health Equity

2

Focusing on Environments for Health

3

Taking a Life Course approach
(targeting the modifiable health risks)

How To Read Our Plan

Our Council Plan is created from our Darebin 2041 Community Vision. We have then developed three pillars to support our approach to delivering that vision. These pillars – or themes – have been selected through a deliberative community engagement process. The voices of over 1,600 members of our community, and our Darebin Deliberative Panel, were at the heart of this process.

These pillars become our strategic directions for the next four years. Under each of these pillars, we commit to strategies objectives (what we want to achieve), indicators (how we can tell if we have), key actions (what actions we will take), and the health and wellbeing priorities they will address.

We also know that we can't do it alone, and partnership is needed.

Sometimes we are responsible for delivering an action, sometimes we partner with other levels of government, the public, private and not for profit sectors, and sometimes will focus on facilitating or advocating for what our community has told us is important.

The indicators are divided into two groups: ones our Council is responsible for; and city-wide indicators we don't have ownership of, but, together with our partners and the community, we can seek to influence.

Health and Wellbeing Priorities in this Plan

Our actions in the Plan that deliver on Health and Wellbeing priorities are marked with this icon.

Council Plan

incorporating Municipal Public Health and Wellbeing Plan

Strategic Objectives, Indicators and Actions

Our 10 Big Actions

- 1 Build infrastructure for the future** by redeveloping Northcote Aquatic and Recreation Centre, redeveloping BT Connor Pavilion in Reservoir, and building Darebin Intercultural Centre in Preston
- 2 Plan infrastructure for decades to come** by commencing scoping for the redevelopment of Reservoir Leisure Centre, activating Edwardes Lake Boat House in Reservoir, building new kindergarten facilities
- 3 Continue to lead with our response to the climate emergency** by updating our Climate Emergency Plan to set out how to best achieve zero greenhouse gas emissions for Darebin by 2030, offering solar installations and energy retrofits to pensioners and vulnerable communities, delivering new business and community power purchase partnerships, supporting a shift to a circular economy and massively reducing our waste going to landfill, and delivering projects and programs aimed to improve safety for people cycling, walking and wheeling, increasing active travel which will also reduce transport emissions
- 4 Deepen our commitment to truth and justice for First Nations communities** in partnership with the Wurundjeri Woi-wurrung Cultural Heritage Aboriginal Corporation and Aboriginal and Torres Strait islander peoples who live and work in Darebin
- 5 Support vulnerable members of our community** by providing support with COVID-19 recovery, expanding our Homelessness Assertive Outreach program, and supporting community-led programs in East Reservoir and East Preston, to achieve greater physical and mental health, and wellbeing for all

6

Champion local business and creative industries by providing support with COVID-19 recovery, undertaking engagement to inform the future development of an Economic Development Strategy, and improving the lighting and safety of our retail precincts and business activity centres

7

Build a more inclusive community for all by supporting Darebin's multicultural communities, reducing racism and discrimination, increasing access to our Council's services and sporting assets by groups who are under-represented, developing our Disability Action Plan to improve access for all to our services and infrastructure, and developing a Sexuality, Sex and Gender Diversity Action Plan to support the inclusion, rights and wellbeing of our LGBTIQ+ communities, including Rainbow Tick Accreditation for several services

8

Improve the quality of development and work to protect all that we love about Darebin by pursuing protections for Preston Market, conducting a Planning Scheme review informed by in-depth community consultation, and reviewing to amend our Parking Permit Policy

9

Protect our natural environment and biodiversity by significantly improving water quality in Edwardes Lake, increasing tree canopy coverage in our parks, residential areas and retail precincts, and enhancing understorey planting

10

Expand our delivery of quality universal services across the lifespan by providing more three-year-old kindergarten places, continuing to deliver our flagship Age Friendly Darebin project, implementing aged care reforms, and registering to become a home care package provider

Strategic Direction 1: Vibrant, Respectful and Connected

Our Darebin will celebrate all our diverse communities.

We will uplift different voices in places of power, influence and decision-making.

We will recognise Aboriginal and Torres Strait Islander values, and honour their living culture and connection to country.

We will support connection to, and the preservation of, local history, and acknowledge past harm and trauma.

Our Darebin will be one filled with vibrant and dynamic spaces, amenities and events. It will be a city where no suburb, or person, will be left behind.

We are one Darebin.

Strategic Objective

1.1 We will prioritise and respect the voices and aspirations of Traditional Owners and Aboriginal and Torres Strait Islander communities in Darebin

1-39	Partner with our community organisations to support Welcoming Community meals		●	●		

Strategic Direction 2: Prosperous, Liveable and Flourishing

Our Darebin will encourage and incentivise business investment and growth in the sustainability sector.

We will create equitable and diverse opportunities for employment and volunteering.

We will make Darebin a centre for creative industry and the arts in Victoria.

We are a 20-minute city, and will ensure our community's access to amenities and services close to our homes.

We will sustain our community's ownership of services across their lifespan. We will maintain the health and wellbeing of all.

Our Darebin will ensure development, and the built environment, is designed for our liveability and sustainability.

Strategic Objective

2.1 We will deliver equitable and accessible infrastructure to provide opportunities for our community to live well

Environments for Health		Modifiable Health Risks

The Actions we've identified to support the achievement of the Strategic Objective

Actions to Achieve the Strategic Objective			Year 1	Year 2	Year 3	Year 4
2-63	Progressively improve our Darebin Planning Scheme, establishing a new Municipal Planning Strategy and undertake two new major planning reform projects		●	●		
2-64	Review our Housing Strategy and planning zones including engaging with our community on where housing and development should be, and strengthening neighbourhood character provisions		●	●		●
2-65	Complete major planning reform work to: <ul style="list-style-type: none"> Introduce an open space levy to fund open spaces in our city Introduce a Developer Contributions Scheme to help fund infrastructure for our growing population Establish Heidelberg Road Corridor controls Establish Thornbury Park Heritage Estate controls 		●	●	●	
2-66	Complete our Central Preston Structure Plan		●	●	●	

Strategic Direction 3: **Climate, Green and Sustainable**

Our Darebin will take urgent action on the climate emergency facing our world. We will lead and educate our community and businesses to redress the imbalance.

We will make decisions that are driven by our community. Our decisions will be transparent, and socially and equitably just. Our decisions will be equitable for our community.

We will provide and promote safe and sustainable transport across our city.

We will lead the regeneration, enhancement and protection of our natural ecosystems and biodiversity.

We will integrate ecological solutions into our built environment. We will promote sustainable development and retrofitting practices that protect our natural assets.

Our Darebin will strive for zero carbon emissions.

Strategic Objective

3.1 We will adapt to climate change and build the resilience of our community, infrastructure and the built environment, with a focus on our vulnerable communities at risk of fuel poverty, and flooding

Environments for Health	Modifiable Health Risks

3.5.1	% of recycled or reused content used in Council-managed services	3.5.2	% reduction in total amount of waste generated

What We'll Do in 2021-2025

The Actions we've identified to support the achievement of the Strategic Objective

Actions to Achieve the Strategic Objective		Year 1	Year 2	Year 3	Year 4
3-16	Develop a plan to respond to new State Government requirements for contaminated land	●		●	
3-17	Increase food waste recycling through Council's food and garden waste service	●			
3-18	Undertake waste reform and take action towards establishing a circular economy	●	●	●	●
3-19	Undertake waste charge reform in response to changing legislation and future operational requirements	●	●		
3-20	Reduce the impact of illegal dumping in our city*	●	●		

Strategic Direction 4: Responsible, Transparent and Responsive

Our Darebin is responsible, and responsive, to our community's needs, now and into the future.

We will make our decisions in the best interests of our community – transparently, and with integrity.

We will manage our resources effectively, and plan for our future growth.

We will work in partnership with our community, business, and other government, to fulfill our responsibilities as the custodians of our city.

Our Darebin is progressive. Our Darebin is accountable. Our Darebin is a leader.

Strategic Objective

4.1 We will ensure balanced and responsible financial decision making that meets the needs of our community now and into the future

Our Services

For Our Community

- Pet registration and education
- Building services and planning permits
- Libraries
- Leisure and sports facilities
- Parks, gardens, and playgrounds
- Arts events, exhibitions, performances, festivals, and cultural programs
- Arts and heritage programs, including indoor and outdoor artworks
- Community safety and crime prevention programs
- Community publications, including Darebin Community News and Your Darebin
- Gender equity and violence against women awareness programs
- Waste, green waste and recycling
- Road and footpath maintenance
- Local laws education and enforcement
- Graffiti removal and prevention
- Parking permits
- Pests and pollution education
- Sustainable food and environment initiatives
- Newly arrived people and refugee support
- Environmental sustainability initiatives
- Sustainable transport opportunities
- Local amenities and facilities maintenance

For Our Businesses

- Food and health business registrations and regulation
- Business support and education
- Business networking opportunities
- Business permits
- Food safety regulation programs
- Tobacco control

For Our Families

- Maternal and child health services
- Street lighting and signage
- Parents education sessions
- Kindergarten and childcare registration for community-managed services
- Immunisation
- School crossing supervisors
- Youth engagement programs
- Family services
- Playgroups and toy library

For Our Older People and People with a Disability

- Assessment for aged and disability services
- Social support groups
- Navigation support for older residents
- Domestic assistance
- Personal care
- Flexible respite care
- Delivered meals (meals on wheels)
- Community transport
- Home maintenance
- Funding and support of older adults groups and clubs
- Access to senior citizen facilities
- Information, advocacy and support of individuals and groups accessing aged and disability programs
- Older persons housing sponsorship program

Glossary

Term	Definition
Annual Report	A publication that monitors and reports back to our community on how we are going with each year of our Council Plan actions and Budget performance.
Budget	A publication that sets out how we will fund each year of Council Plan actions, including all the current services and facilities we provide.
Darebin 2041 Community Vision	A statement that sets our horizon 20 years into the future, on the community we want to be in 2041. Under the <i>Local Government Act 2020</i> , a community vision must be informed and shaped via a deliberative process, meaning our community is heavily involved in shaping the vision.
Council Plan	A four-year strategic plan that sets our Council's direction, objectives, strategies, and priority actions, and includes our Municipal Public Health and Wellbeing Plan.
Darebin City Council	The Council that is formed by elected representatives to govern the City of Darebin, and the organisation that implements the Council's decisions and provides services to the community.
Darebin Deliberative Panel	The Panel formed by 39 Darebin residents and business owners, of different ages, genders, nationalities and experiences, to develop the Community Vision.
The City of Darebin	The municipality of Darebin.
Municipal Public Health and Wellbeing Plan	A four-year strategic plan that provides information and analysis on the health status of the Darebin community, and sets actions to enable residents the opportunity to improve their health and wellbeing. This plan is embedded in the Council Plan.
People	Community members of the City of Darebin.
