

	YSYS group B Endorsed projects	Priority ranking
1.	Install a trial solution along South Crescent near Mason Street to deter rat-running traffic. If the trial is unsuccessful, remove all parking from the south side of South Crescent between Mason Street and Plant Street.	HIGH
2.	Investigate a separated bike lane on Dundas Street, between Victoria and Matisi Street.	HIGH
3.	Investigate options to improve road safety along Victoria Road between South Crescent and Separation Street (feasibility study), but not physically separated bike lanes.	HIGH
4.	Investigate options for separated bike lanes on Victoria Road, between Darebin Road and Separation Street (near Northcote Aquatic and Recreation Centre) and investigate further treatments to provide safe crossing for bicyclists near the entrance to the Northcote Aquatic and Recreation Centre.	HIGH
5.	Design and construct a signalised pedestrian crossing on Victoria Road, south of Clifton St (near the Northcote Aquatic and Recreation Centre).	HIGH
6.	Install a raised zebra crossing on Clarendon Street, east of High Street.	HIGH
7.	Install a raised zebra crossing on Newcastle Street, south of Young Street.	HIGH
8.	Install intersection traffic signals at Breavington Way.	HIGH
9.	Install raised crossing at Raleigh Street and two speed humps towards the roundabout at St David Street.	OTHER
10	Consult the school and undertake surveys to understand whether people are mostly entering the school off Matisi Street near Collins Street or north of Theobald Street. Reposition and construct the wombat crossing to suit desire-line.	OTHER
11	Investigate and design the most appropriate options for road safety treatment on Separation Street between Hopetoun Street to Bennet Street.	OTHER
12	Install a raised intersection at Jones Street and Collins Street, with zebra crossings across all four sides of the intersection.	OTHER
13	Design and construct raised intersection traffic lights at the intersection of Dundas Street and Newcastle Street.	OTHER
14	Design and install a raised zebra crossing (wombat crossing) on Clarendon Street, east of St David Street in addition to the central median and speed cushions on the concept plan. Also, investigate traffic calming measures along Wales Street and deliver at the same time as the Clarendon Street changes.	OTHER
15	Install a trial one-way (westbound) on Railway place between Station Street to Gillies Street. If safety assessment following the trial still requires the zebra crossing on Railway Place near Gillies Street to be straightened and raised then this should be considered for future funding.	OTHER
16	Design and install road safety treatments along Newcastle Street between Walton Avenue and Raglan Street.	OTHER
17	Design and install raised zebra crossings on all four sides of the intersection at Raglan Street and Newcastle Street.	OTHER

18	Design and install a wombat crossing across Union Street east leg at High Street.	OTHER
19	Remove all left turn slip lanes at the intersection of Separation Street and Northcote Plaza through an intersection remodel.	OTHER
20	Design and install raised zebra crossings on all four sides of the roundabouts at the intersection of Newcastle Street and Pender Street	OTHER
21	Design and install raised zebra crossings on all four sides of the roundabouts at the intersection of Newcastle Street and Collins Street.	OTHER
22	Investigate and design a T-intersection at Wingrove Street and Arthur Street with raised pedestrian crossing on Wingrove Street and on Arthur Street to the north of Wingrove Street.	OTHER
23	Design and install a raised intersection at Separation Street and Perry Street with zebra crossings across all four sides of the intersection (subject to Department of Transport and Planning approval).	OTHER
24	Construct footpath connections and pram ramps for Habitat Link to be connected safely to the footpath on the south side of Main Drive to the east of Ernest Jones Drive.	OTHER
25	Design and install a raised zebra crossing on Rossmoyne St, to connect Olver Reserve and Jones Reserve.	OTHER
26	Design and install a raised zebra crossing on Gooch St, to connect Jones Reserve and Harry Reserve.	OTHER
27	Design and install further road safety treatments at Flinders Street near Roberts Reserve.	OTHER
28	Upgrade raised pedestrian crossing on Mansfield St, between Roberts Reserve and Olver Reserve, to a raised zebra crossing.	OTHER
29	Design and install a raised zebra crossing across Separation St, east of Sparks Ave (near Alfred Nuttall Memorial Kindergarten)	OTHER

**\*\*\*Note: The timelines for design and delivery of projects are subject to annual budget processes and budget availability, including successful grant applications.**

**\*\*\*\*Additionally, \$100,000 has been allocated to delivery of the raised crossing on Newcastle Street near Young Street in 2024/25.**
